Biography

I am currently a researcher at project-team ARLES at INRIA Paris-Rocquencourt, prior to which I received a Ph.D in Computer Engineering at the <u>University of Southern California</u> under the guidance of

Professor Viktor Prasanna

, and a B.Tech in Computer Science and Engineering from the Institute of Technology, Banaras Hindu University

.

Research Interests

My research interests include supporting high-level programming for sensor networks, and larger-scale pervasive systems. I was involved in work on the ATaG macroprogramming and the the Srijan macroprogramming toolkit during my PhD. Nowadays, I am also interested in Middleware for Mobile Social Ecosystems

.

Publications

A list of my recent publications is here.
